

2024

Town Of Maine Cleanup Day

The annual Town of Maine Cleanup Day will be held Saturday May 4th, from 8:00 am until 4:00pm at the Town Highway Garage, located on Ellis Payne Road. This is an opportunity for town residents to dispose of materials that are not part of ordinary trash pickup. The restrictions implemented by the Broome County Landfill have not changed in several years and tires are not acceptable. Attached is a summary of what materials may be disposed of. Keep in mind that any restrictions regarding eligible materials are defined by the Broome County Landfill and not the Town of Maine.

Wastes eligible for this program include bulk items, white goods (appliances), scrap metal, car batteries, lawn furniture, carpets, mattresses, etc.

Wastes not eligible for this waiver include tires, leaves and yard waste, construction and demolition debris, and other wastes that are managed through the course of regular collection services.
